

M.Sc. ASC & M.Sc. SCS

Laboratory Courses – 10 cp

Summer Semester 2023

Instructions: To take a laboratory course, please contact the respective professor and arrange with him/her specific dates. Usually you are required to write a report for your laboratory course. For formally registering for the course, please hand in the so-called „yellow sheet“ to the Office of Study Affairs. You can request the form from that same office.

- P Laboratory Course in Modern Drug Discovery / 09-121-1501 / Prof. Dr. Meiler

- P Laboratory Course Bioorganic Chemistry / 11-121-1116 / Prof. Dr. Beck-Sickinger

- P Laboratory Course in Structural Analysis/ 13-121-0122 / Prof. Dr. Matysik
- P Laboratory Course in Concentration Analysis/ 13-121-0123 / Prof. Dr. Belder
- P Laboratory Course in Trace Analysis/ 13-121-0126 / Prof. Dr. Reemtsma

- P Laboratory Course in Inorganic Chemistry / 13-121-0215 / Prof. Dr. Krautscheid
- P Laboratory Course in Organometallic Chemistry / 13-121-0216 / Prof. Dr. Hey-Hawkins
- P Laboratory Course in Functional Materials / 13-121-0217 / Prof. Dr. Kohlmann
- P Laboratory Course in Supramolecular Coordination Chemistry / 13-121-0218 / Prof. Dr. Kersting

- P Laboratory Course Advanced Synthetic Organic Chemistry / 13-121-0313 / Prof. Dr. Schneider
- P Laboratory Course Catalytic Methods in Organic Chemistry / 13-121-0315 / Prof. Dr. Zeitler
- P Laboratory Course Organic Chemistry / Chemical Biology / 13-121-0316 / Prof. Dr. Berg
- P Laboratory Course in Biomimetic Catalysis / 13-121-0326 / Prof. Dr. Gulder

- P Laboratory Course: Surface and Interface Analysis of Solids and Layered Systems / 13-122-0418 / Prof. Dr. Denecke
- P Research Practical Course on the Characterization of Gas Phase Clusters and Liquid Interfaces /13-121-0419/ Prof. Asmis, Dr. Reichelt
- P Laboratory Course Theoretical Chemistry / 13-121-0631 / Prof. Dr. Tonner-Zech

- P Laboratory Course in Reaction Kinetics and Structure Elucidation / 13-121-0417 / Prof. Dr. Abel
- P Laboratory Course in Heterogeneous Catalysis / 13-121-0514 / Dr. Sheppard
- P Laboratory Course in Chemical Reaction Engineering / 13-121-0515 / Prof. Dr. Enke

- P Laboratory Course in Bioanalytics / 13-121-1114 / Prof. Dr. Hoffmann
- P Laboratory Course in Recombinant Protein Expression / 13-121-1115 / Prof. Dr. Sträter

- P Laboratory Course Crystallography in Materials Science / 13-121-1311 / Prof. Dr. Oeckler

- P Environmental Chemical Laboratory Course / 13-121-1415 / currently counts as "external practical course" at the UFZ, in this case a suitable university lecturer must be found independently
- P Laboratory Course in Atmospheric Chemistry / 13-121-1422 / Prof. Dr. Herrmann
